**WITHDRAWAL OF EARLIER LETTER REQUESTING CORRECTION OF
FILING RECEIPT**

Commissioner of Patents
Office of Initial Patent Examination
Customer Service Center
Washington, D.C. 20231

Dear Sir:

We hereby withdraw the request stated in the "LETTER REQUESTING CORRECTION OF FILING RECEIPT" that was mailed to the Office on January 11, 2001 for the above-identified patent application. It was *erroneously stated in our letter* that there was an error in the Filing Receipt and the Office was erroneously requested to remove the reference to application Serial No. 09/221,997 and issue a new corrected Filing Receipt.

BEST AVAILABLE COPY

The undersigned has checked the file and the above-identified patent application is a **continuation-in-part of assignee's co-pending U.S. Serial No. 09/271,997, entitled "Multiple Satellite Mobile Communications Method and Apparatus for Hand-Held Terminals," filed on March 18, 1999.** This is clearly stated on page 1 of the patent application.

A **"Supplemental Continuation-In-Part Combined Declaration for Patent Application and Power of Attorney"** signed by the inventors is being concurrently (but separately) filed. This supplemental declaration is for a "Continuation-in-part application" and the inventors clearly claim the benefit of Serial No. 09/271,997 under 35 USC §120 and acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to the inventors to be material to the patentability as defined in Title 37, Code of Federal Regulations, 1.56 which became available between the filing date of the prior application and the national filing date of this application.

BEST AVAILABLE COPY

The Filing Receipt originally issued by the Office correctly reflects the Continuing Data as claimed by Applicant. Please do not correct it as requested in our letter dated January 11, 2001.

Respectfully submitted,
KAR W. YUNG ET. AL

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 36 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 600 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
